

The JBS Community & Equity Partnership Presents

A MONUMENTAL PROBLEM

Have you ever wondered –

- What is the history behind Confederate monuments?
- What do they honor or celebrate?
- What did they mean at the time they were erected?
- Whom should a nation choose to celebrate?
- What should a nation try to forget?

Join the JBS community, as Dr. Mark Smith (History, chair) lays the historical foundation for a better understanding of the Civil War, its monuments and the ongoing battle to interpret their meaning.
